BOOK SYNOPSIS

Stress and pain are nearly unavoidable in our daily lives; they are part of the human condition. This stress can often leave us feeling irritable, tense, overwhelmed, and burned-out. The key to maintaining balance is responding to stress not with frustration and self-criticism, but with mindful, nonjudgmental awareness of our bodies and minds. Impossible? Actually, its easier than it seems. In just weeks, you can learn mindfulness-based stress reduction (MBSR), a clinically proven program developed by Jon Kabat-Zinn, author of Full Catastrophe Living. MBSR is effective in alleviating stress, anxiety, panic, depression, chronic pain, and a wide range of medical conditions. Taught in classes and clinics worldwide, this powerful approach shows you how to focus on the present moment in order to permanently change the way you handle stress. As you work through A Mindfulness-Based Stress Reduction Workbook, youll learn how to replace stress-promoting habits with mindful ones—a skill that will last a lifetime. This groundbreaking, proven-effective program will help you relieve the symptoms of stress and identify its causes so that you can start living a healthier, happier life.
