BOOK SYNOPSIS

This book is about the consequences of religion more than whether Christ rose from the dead (Krishna, Mithras, Osiris, Attis of Phrygia, Dionysus, all of whom besides being born on December 25th from a virgin mother, died and were resurrected, except for Mithras - who ascended directly without dying) or whether the text of the verses of the Quran correspond exactly to those revealed to Muhammad directly as the words of God, delivered to Muhammad through the angel Gabriel.. It is more focused on how religious scriptures and writings have been misused to harm, torture or kill others who don't believe, or used for justification to do what most rational persons would consider evil. How is this for religious intolerance? Rabbi Yaacov Perrin said, "One million Arabs are not worth a Jewish fingernail." Muhammad married a 6 year old girl. Joseph Smith, the founder of Mormonism had 24 wives, one was 14 years old. Smith was convicted of fraud (of being an "imposter"- a con man), in a court of law.. Then he wrote "The Book of Mormon..." The story of Moses is patterned after the story of Sargon the Great. Moses did not exist. Christianity was invented for political purposes by the Roman Emperor Constantine ("The Great") in 325 A.D. based on the myth of Mithra (Persian savior god born on December 25th).. Do a web search on: "How Christianity was Invented: The Truth ," without the quotes. Constantine's friend, Eusebius (Bishop of Caesarea in Palestine) has been described as "the first thoroughly dishonest historian of antiquity." He is also described as "The Father of Church History." Destruction of previous conflicting documents and edifices followed, including the destruction of the Great Library of Alexandria. This book is an attempt to create awareness of the true origins and the fraudulent and forged self-serving writings of the main religions. Their purpose is to control and mislead us to follow them, without question, essentially putting us in a prison in our own minds. Like the elephant with the rope around one foot, it is easy for us to break free, but we don't know it. This book is an attempt to encourage us to follow an alternative, a humanitarian secular ethical road moving beyond all religion. The origins of the main religions are shown to be copycats of previous myths, with outrageous fraud and forgeries exposed. Covers all four major religions.

BEYOND ALL RELIGION - Are you looking for Ebook Beyond All Religion? You will be glad to know that right now Beyond All Religion is available on our online library. With our online resources, you can find Applied Numerical Methods With Matlab Solution Manual 3rd Edition or just about any type of ebooks, for any type of product.

Best of all, they are entirely free to find, use and download, so there is no cost or stress at all. Beyond All Religion may not make exciting reading, but Applied Numerical Methods With Matlab Solution Manual 3rd Edition is packed with valuable instructions, information and warnings. We also have many ebooks and user guide is also related with Beyond All Religion and many other ebooks.

We have made it easy for you to find a PDF Ebooks without any digging. And by having access to our ebooks online or by storing it on your computer, you have convenient answers with Beyond All Religion. To get started finding Beyond All Religion, you are right to find our website which has a comprehensive collection of manuals listed.
